Article 5.5, [EC Section 51747.5\(b\)](#)  specifically limits the amount of apportionment credit that may be claimed for non-classroom-based independent study to the extent of the time value of student work products, as personally judged in each instance by a certificated teacher. Pursuant to [EC Section 47612.5](#)  and [EC Section 51747.5\(b\)](#)  thereby clearly requires that charter school non-classroom-based independent study teachers, as one condition of apportionment, assess and record the time value of their students' work.
